

Daniel Lankin

My name is Daniel Lankin, 25,

I come with a great desire to learn and enrich knowledge as a software developer, Ready for a full-time position, I will adapt myself to independent learning at a personal pace

Skills:

- C# ,.NET
- REACT
- C
- JS
- Python

In C I worked on projects of the college on the subject of calculations and advanced data structures.

In the JS language I built games and projects in all kinds of courses in UDEMY etc.
